

**REMARKS**

The amendments above are made to further clarify the priority claim of this application and to correct the inadvertent typographical error in two U.S. Serial Nos. inserted into the specification by Applicant's amendment of March 23, 2003. These priority applications were, however, listed correctly in the original Declaration and Power of Attorney filed with the application and in the original specification.

In view of the foregoing amendments and remarks, Applicants respectfully requests entry of this amendment and the timely allowance of the pending claims.

Please grant any extensions of time required to enter this response and charge any additional required fees to Deposit Account No. 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,
